Uni 22

İçten Montaj Clips Braketli Sineklik Sistemi

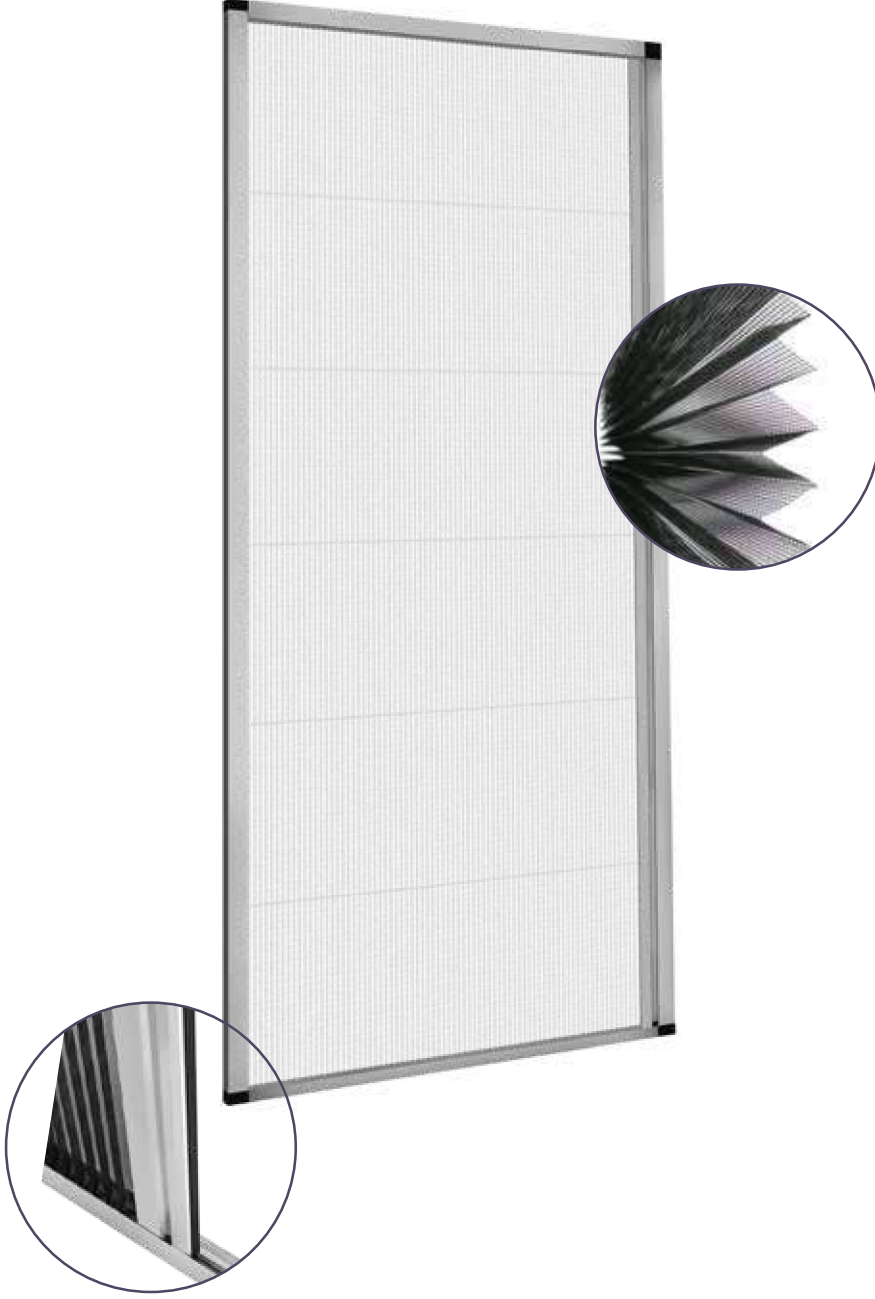

The Uni system is the most universal and convenient solution for large horizontal openings. This pleated mesh insect screen is able to span up to 4 metres wide with a single unit. You can either make a small window or a large door from this system. The new click profile lets you to take out the mesh body and replace without uninstalling the rest of the frame profiles which makes easy for installers and end users. With 7 mm slim bottom rail the system works like there is no threshold and by the help of the sliding bar cap with wheel the operation is as smooth as possible.

Uni katlanır sineklik sistemi geniş açıklıklar için ideal bir sistemdir. 4 metreye kadar sineklikler yapılabilir. Aynı sistem komponentleri ve profilleri ile küçük bir pencere veya büyük bir kapı yapılabilir. Yeni Click profili sayesinde kasa profilini montaj yerinden demonte etmeden tül kitını çıkartıp değiştirebilirsiniz. İnce alt ray sayesinde esiksiz kullanım mümkün olduğu gibi tekerlekli kayar bar sayesinde yumuşak hareket mümkün olmaktadır.

F

Uni 22 est un système avec toile plissée qui utilise les cordes à la place de la chaîne du système Plissé. Une grande variété de versions disponibles: du système avec ouverture réversible, qui permet d'atteindre une largeur record de 4,5 mètres avec un seul vantail, à la Zac, la moustiquaire en kit prête à redimensionner pour portes et fenêtres. Zac se pose aussi bien en tableau qu'en applique. Possibilité d'utiliser seulement deux profils pour faire une porte complète ou un système de fenêtre.

Options:

- Système pose en applique intégré (pas besoin de profils en suppléments)
- 45 degrés et le nouveau système de coupe de 90 degrés disponibles.

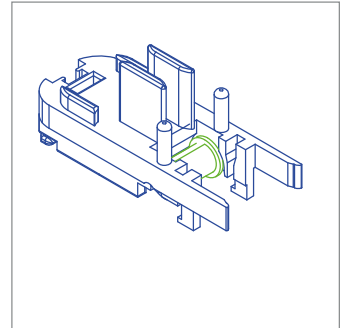

S

Uni 22 es el sistema alternativo de tela plisada que utiliza cuerdas en lugar de las cadenas oruga del sistema Plissé. Una amplia gama de modelos, desde el "paquete central", que nos permite lograr el récord "imposible de igualar" de una puerta de 4,5 metros en un solo panel, hasta la Zac, la pantalla mosquitera ajustable para puertas y ventanas de montaje externo o interno. Posibilidad de utilizar sólo 2 perfiles para hacer un sistema completo de puertas o ventanas.

Opciones:

- Movimiento suave gracias al tope de la barra deslizante de rodillos
- Riel inferior de espesor imperceptible gracias al delgado riel inferior de 7 mm.
